

SUMIT NAPHADE

Full Stack Developer

+91-9579614946 | naphadesumit2404@gmail.com | [Portfolio](#) | [GitHub](#) | [LinkedIn](#) | Pune, Maharashtra

Summary

Motivated and detail-oriented aspiring full stack developer with foundational knowledge of JavaScript, Node.js, Express.js, React.js and MySQL. Passionate about building responsive and user-friendly web applications while continuously improving technical expertise.

Technical Skills

Languages: JavaScript, SQL
Web Technologies: HTML5, CSS3, Bootstrap
Frameworks: React.js, Node.js, Express.js, Sequelize
Databases: MySQL, MongoDB, MongoDB Atlas, Redis
Tools & IDEs: Visual Studio Code, GitHub, Postman, Thunder Client, MongoDB Compass
Other: RESTful APIs, CRUD Operations, API Integration, JSON, Problem Solving, Debugging, Calling AI APIs (Gemini)

Experience

Software Developer Intern Aug 2025 – Mar 2026
Cronico Digital Pvt Ltd, Pune

- Assisted in developing interactive web interfaces using modern frontend technologies.
- Implemented backend features and handled API integration to support application functionality.
- Performed database queries and managed data storage using SQL.
- Worked closely with the development team to deliver features within deadlines.

Projects

Real-Time Public Transport Tracking System | Html, CSS, Tailwind, JavaScript, React.js, Node.js, WebSocket, Express.js, MongoDB, React Native, GitHub

- Developed a full-stack transport tracking solution enabling passengers to view live bus locations and arrival estimates.
- Built cross-platform mobile applications using React Native and a web-based admin panel using React.js.
- Integrated GPS tracking, React Leaflet Maps, and Socket.IO for real-time vehicle monitoring.
- Created scalable REST APIs using Node.js and Express.js to manage transport data and user operations.
- Designed MySQL database schema for vehicles, routes, schedules, users, and trip records.
- Implemented secure authentication and role-based access management.
- Collaborated on system design, API development, database management, and frontend implementation.

Hostel Management System | Html, CSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, MySQL, GitHub

- Implemented room allocation, resident management, payment tracking, and complaint management modules.
- Built secure REST APIs and role-based authentication for efficient hostel administration.
- Designed a responsive admin dashboard with search, filtering, and reporting capabilities.
- Managed database design and backend integration to ensure reliable data handling.

CRM System | HTML, CSS, Bootstrap, JavaScript, Node.js, Express.js, Ejs, JWT, MySQL, GitHub
Internship Project

- Developed a web-based Customer Relationship Management (CRM) system to manage customer data and business interactions.
- Implemented user authentication and role-based access control for secure system usage.
- Designed modules to add, update, delete, and track customer records efficiently.
- Integrated MySQL for storing customer information and managing database operations.
- Built dynamic and responsive interfaces using EJS and Bootstrap for improved user experience.
- Used Git for version control and collaborated with team members during development.

Education

GF's Godavari College of Engineering, Jalgaon 2022-2026
Bachelor of Technology in Computer Engineering Pursing | CGPA: 7.83

J. E. School & Jr. College, Muktainagar 2021-2022
Higher Secondary Education in Science | Aggregate: 83.83%

J. E. School & Jr. College, Muktainagar 2019-2020
Secondary School Education | Aggregate: 87.20%
